

Current Financing Opportunities
(BEMER Pro-Set (GO Edition) \$4,490.00 + Tax)
Updated 2-1-2021

1. Existing Credit Cards: The easiest place to find the money for a BEMER is with your existing credit cards. Call each of your Credit Card Companies and ask if they will raise your Credit Limit high enough to purchase the BEMER – to at least \$5,000. Then, let them know that you are getting ready to make an approximate \$4800 purchase for a Medical Device (**BEMER Pro-Set (GO Edition) \$4,490.00 + Tax**) and since you have a relationship with them, you wanted to give them the opportunity for your business first. Then, ask if they will match the terms offered by other credit card companies (i.e.: 0% interest for the 1st year or more and you pay as little as 1% of the outstanding balance each month). Most credit card companies will do this.

2. Zero % interest Credit Card for 20 months with Capital City Bank of Macon, GA.:

This is a Visa Credit Card offer by this bank with Zero money down and Zero % interest for 20 months. You pay about 1% of your balance each month which is only \$50 dollars per month for the next 20 months. Important NOTE: After 20 months, if all you did is pay the \$50 per month minimum, you will still owe about \$3700 on this credit card. Also, if you have not paid off this credit card, interest charges will begin in the 21st month and range anywhere from 13% to 22%, depending on your personal credit strength. For Distributors, this card is a great opportunity to purchase the BEMER Go for zero money down, have low \$50 monthly payments, use the 20 month window to sell some BEMER Go's and use all of your BEMER commissions to pay down the balance on this card. Many Distributors have been able to pay off this credit card before their 20 month "zero interest period" ends. Also: If customers use this Credit Card, please encourage them to divide the approximate \$4300 purchase (BEMER Go + State Sales Tax) by the 20 months of zero % interest and pay about \$215 per month. This way their BEMER Go is completely paid for in 20 months with NO Interest.
